PROFESSIONAL SUMMARY

Data Analytics professional with hands-on experience in Python, SQL, Excel, and Data Visualization. Currently learning Machine Learning and Statistical Analysis to build predictive models and solve real-world business problems. Passionate about transforming data into actionable insights and pursuing a career in Data Science.

TECHNICAL SKILLS

Programming Languages	Python, Core Java, SQL
Data Analysis	Pandas, NumPy, Data Cleaning, Data Wrangling, EDA, Statistical Analysis
Data Visualization	Power BI, Excel, Matplotlib, Seaborn
Machine Learning	Regression, Classification, Clustering, Model Evaluation, Scikit-Learn
Database	MySQL, SQL Queries, Database Design
AI Tools	ChatGPT, Gemini, Claude
Tools & Platforms	Jupyter Notebook, Google Colab, Git, GitHub, VS Code

EXPERIENCE

Data Analyst Intern - Cravita Technologies Ind Pvt.Ltd: Jan 2026 - Jun 2026

- Performed data cleaning, transformation, and visualization on business datasets.
- Cleaned and analyzed 5,000+ records using SQL and Excel to improve data quality.
- Built 3 interactive dashboards in Power BI, reducing manual reporting time by 30%.

PROJECTS

AI-Powered Disease Prediction System | Python, Flask, Machine Learning, SQL

- Developed a disease prediction system using the Random Forest algorithm.
- Performed data preprocessing and model training using healthcare datasets.
- Integrated frontend and backend for real-time disease prediction.

AI Recruitment System | Python, NLP, Machine Learning, Streamlit

- Developed an AI-based candidate ranking system for intelligent job-candidate matching.
- Implemented semantic resume matching using Sentence Transformers and NLP techniques.
- Built a scoring engine based on skills, experience, and candidate profile signals.

Netflix Data Analysis | Python, Pandas, Matplotlib, Seaborn

- Performed exploratory data analysis on 9,800+ Netflix movie records.
- Identified most frequent genres, popularity trends, and release year distributions.
- Created visualizations using Matplotlib and Seaborn to derive business insights.

EDUCATION

Master of Computer Application - SPPU University, Pune 2024 - 2026 | CGPA: 7.90/10

Bachelor of Computer Science - BAMU University, Chh.Sambhajinagar 2021 - 2024 | Percentage: 73.33%

CERTIFICATIONS

- Data Analytics & Data Science Professional Training** - Fortune Cloud Technology, Pune
- SQL for Data Science** - Great Learning

ACHIEVEMENTS

- Received **Best Paper Award** at ImCReTE 2026 for the research paper "*Smart Serve: A Time Based Food Redistribution Framework for Waste Reduction*".
